In case of lack of snow, there is a possibility to replace the sleigh with a chaise on wheels. Christmas Challenges - Christmas Challenges is a role-play scenario where participants compete for special Christmas gifts. Because Christmas is, after all, a time of gifts, joy and meeting with people. However, for Santa's employees, it's a time to work at 400% of the norm. It's all to make sure that children enjoy their desired gifts, and adults don't end up with socks and cheap perfumes. Participants meet Santa's chief Elf, who offers to make their gift dreams come true, but only if they prove themselves in the various workshops where gifts are created. Humor, fun, festive characters - this is our guarantee of an enjoyable Christmas event.

There will be no Christmas - Someone has kidnapped Santa Claus. If your company does not manage to recover him and rescue him then Christmas will no longer exist. Gifts will not go to children and Christmas bonuses will never be paid again. Elves have managed to find places that can help you find Santa. Your task will be to divide into smaller teams that, under time pressure, will try to discover the identity of the kidnapper, his motives and where Santa is being held. Logical challenges known from escape room mechanics this time in a Christmas theme, will allow Participants to have fun in an atmosphere that everyone waits for all year. The game improves internal communication within the company, being synonymous with effective integration.

Christmas party - Who among us does not dream of returning to the times of childhood and meeting the real Santa Claus. This wonderful character accompanies us from an early age and always gives us a lot of joy, providing pleasant experiences and irreplaceable memories. Wanting to provide you with an unique atmosphere of Christmas magic, we invite you to a meeting in the style of your choice. We will develop the convention together with you. It can be an intimate meeting for a selected group of employees, or a huge Santa themed party for entire families, combined with Christmas workshops, entertainment with a musical band and the distribution of gifts, which we will order for you straight from Santa's factory.

The offer is valid for the dates 1-24.12.2024 excluding holidays and long weekends.

Offer available for a group of at least 10 people.
