## MEETING ROOMS

Saarni, max 50 person  
Koivu, max. 28 person

Our beautiful hotel was built by the YWCA of Finland, and for a century it has stood in the middle of the lively Kamppi area in the Heart of Helsinki. The YWCA of Finland still owns us and therefore, all the profits from our hotel operations are directed to YWCA's work for women and girls around the world.

Our building was designed by Olivia Mathilda "Wivi" Lönn. Wivi was Finland's first female architect who had her own architecture office. She also lived in the building together with Hanna Parviainen. Here at Helka, we are easygoing and love local modern art.

For us responsibility means action and it covers all aspects of our operations. We want to be particularly active in promoting social responsibility and equality. In our house Pride Day is every day of the year. Furthermore, our hotel is also a Discrimination-free Zone. Our business is certified with the international eco-label Green Key and we are also listed as one of the Feel-good and fair-play hotels in myhelsinki.fi service. Furthermore, we are proud that our work on equality has been recognized by the Finnish Ministry of Justice <https://yhdenvertaisuus.fi/hotelli-helka>.
